Go get 'em, except for the jack hammer.

Please make sure the receipts for the items are marked Pipeline or MVP so we can add to the list of expenses for the pipeline.

Thanks,

Sir,

I have attached a wish list of tools for the extraction team. All of these tools were either used or needed for the job on Poor Mountain two weeks ago. I know that the jack hammer is a pipe dream but the other items are needed. All the totaled with out the jack hammer should be less than \$2500
